

KAVISHKA MANOHARA

PROFILE

An enthusiastic and detail-oriented Software Engineering student with a solid foundation in core computing principles, object-oriented programming, and full-stack development. Hands-on experience building mobile and web applications through academic projects utilizing modern frameworks and database management systems. Proven ability to analyze system requirements and implement efficient algorithms. Eager to leverage these technical skills and a passion for problem-solving in a software engineering internship.

EDUCATION

2010 - 2020

General Certificate Of Educational (O / Level) Examination 2020 Peradeniya Central Collage, Peradeniya.

• Music	A
• Mathematics	A
• Buddhist	B
• History	B
• Sinhala	C
• English	C
• Science	C
• ICT	C
• Accounting	S

2020 - 2023

General Certificate Of Educational (A / Level) Examination 2020 Peradeniya Central Collage, Peradeniya.

• Engineering Technology	S
• Science For Technology	S
• Information and Communication Technology	S

2023 - 2026

Higher Diploma in Computing and Software Engineering,

Cardiff Metropolitan University (delivered via ICBT Kandy Campus)

Selected Coursework:

Data Structures & Algorithms, Database Design, Business Analytics, Web & Mobile App Development, and Project Management, Service Oriented Computing

COURSE

2015 - 2017

ICT Course

NANASALA Center for Information Technology, Getambe

•I have studied MS office package, E-mail, and Basic Computer Technology in this institution for one and a half years and have been using it till now.

2019

ENGLISH Course

Royal English Academy

•I practiced English speaking, grammar and other English language related activities for a period of 6 months in this higher education institution.

2024

DIPLOMA IN ENGLISH

NYSO

•I practiced English speaking, grammar and other English language related activities for a period of 6 months in this higher education institution.

Date of Birth

2004/03/05

NIC NO

200406512726

Religion

Buddhist

Civil State

Unmarried

Language

English

Sinhala

SKILLS

SKILL GROUP

Actively Working
MS Office
Photography
Group Manipulation
Singing
Activity Management
Graphic Design

Languages

Python, SQL, Java, C++, R

Professional Strengths

Analytical Problem Solving, Team Collaboration, Agile Project Management, Cross-functional Communication

Tools & Technologies

Android Studio, Visual Studio, VS Code, Git & GitHub, XAMPP

Frameworks & Libraries

Flutter, Firebase, OpenCV, Dlib

Core Concepts

Object-Oriented Programming (OOP), MVC Architecture, Database Design (RDBMS), Statistical Analysis & Regression

PROJECT

SafeRide – School Transport Safety & Tracking System (Group Project), Flutter | Python (Dlib) | Firebase | Mobile & AI Application

- Developed a cloud-centric school transport management mobile ecosystem utilizing Flutter and Firebase for real-time data synchronization.
- Designed and integrated an AI-driven driver drowsiness detection engine in Python, utilizing Eye Aspect Ratio (EAR) calculations to actively monitor driver safety.
- Leveraged native smartphone sensors to implement a zero-hardware-cost solution for real-time GPS tracking, geofencing, and emergency SOS alerts.
- <https://github.com/manikkavi49-glitch/SafeRideProject>

KMC Event Hub – Service-Oriented Event Management Platform, C# | ASP.NET Core API | Entity Framework Core | Service-Oriented Architecture (SOA)

- Engineered a decoupled, service-oriented system featuring a centralized RESTful Web API backend supporting a Public Website and an Organizer Portal.
- Implemented Entity Framework Core for database persistence and designed secure Data Transfer Objects (DTOs) to ensure robust communication between independent services.
- Applied asynchronous programming and modular separation of concerns to maximize system throughput, scalability, and independent deployability.
- <https://github.com/manikkavi49-glitch/SOC>

TechCare – On-Demand Tech Services Booking App, Android Studio | Java | Firebase | Mobile Application

- Engineered an Android booking and service management application featuring a dedicated client interface and an administrative control panel.
- Designed and implemented dynamic custom adapters (BookingAdapter) to manage real-time booking lists and streamline data flow from Firebase Realtime Database.
- Modeled intuitive user workflows and high-fidelity screen wireframes using Figma to maximize user interaction and visual flow.
- <https://github.com/manikkavi49-glitch/Tech-Care-Services->

MedicarePlus – Dynamic Healthcare & Appointment Management Portal, PHP | MySQL | XAMPP | Web Application

- Engineered a dynamic, database-driven healthcare portal utilizing PHP and MySQL to streamline patient registration and doctor appointments.
- Implemented secure user authentication with password hashing, session management, and role-based dashboards for patients and administrators.
- Developed responsive user interfaces integrated with dynamic MySQL queries to fetch and manage real-time schedule and booking data.
- <https://github.com/manikkavi49-glitch/Medicare-Plus->

Co. Reg. No. PB 1437

14th May 2026

To whom it may concern,

Dear Sir/Madam,

Request for Training: Mr. Menikbowe Sakalawalli Patabadi Gedara Kavishka Manohara Menikbowa.

This is to confirm that **Mr. Menikbowe Sakalawalli Patabadi Gedara Kavishka Manohara Menikbowa** (NIC No: 200406512726/ICBT Student ID: KD/HDCSE/CMU/77/50) is an enrolled student at **International College of Business and Technology (ICBT Campus)**, Sri Lanka, who has followed the **Higher Diploma in Computing and Software Engineering** program awarded by **Cardiff Metropolitan University, United Kingdom**.

I would be grateful if you could provide **Mr. Menikbowe Sakalawalli Patabadi Gedara Kavishka Manohara Menikbowa** a training opportunity for a minimum of 06 months at your esteemed organization and issue a certificate of attendance at the end of the duration of the internship.

This letter was issued at the request of **Mr. Menikbowe Sakalawalli Patabadi Gedara Kavishka Manohara Menikbowa**. For any further clarifications, do not hesitate to contact the undersigned at +94 814777888.

Yours faithfully,

Mr. Stanley Perera
Program Manager

International College of Business and Technology - Kandy Campus
